

Country Music from Northwest Ohio

Country With A Kick

BIO: *Haywired* was formed in 2012 by a group of guys from rural Northwestern Ohio who wanted to entertain and play Country music. The band with more of a Heavy Rock/Metal background than Country quickly created their own sound and to this day, their slogan of "Country With A Kick" rings very true. Through the years Haywired has played for thousands of fans and they have played a numerous amount of venues including barrooms, festivals, and fairs. Haywired has also had opportunities to play with and open for many other Country acts including Lee Roy Parnell. Haywired's latest EP, soon to be released, gives listeners a taste of their sound and who they are. You won't want to miss a Haywired show as they are an energetic band that loves to interact with the crowd.

MEMBERS: *Jarid Kohlrieser* (lead vocals), *Matt Rainsburg* (guitar), *Zach Whetstone* (bass), *David Gregory* (drums)
